

Contest

Let's all be safe... with your cows on the farm

The CIAQ Health and Safety Prevention Committee, in partnership with the Conseil provincial des CAB, invite you to participate in their contest "**Let's all be safe... with your cows on the farm**". The objective of the contest is to raise the awareness of breeders about safety on their farm, particularly when manipulating animals.

Our contest is in two parts :

1. "**Spot the mistake**" where you must identify the mistake in each of the pictures presented.
2. "**Good ideas**" by informing us of a solution found on your farm to work in all safety when manipulating animals.

You can [print the participation sheet](#), fill it out and send it to us **by fax** or **by mail**.

The **closing date to participate** in our contest is **15 March 2008**. Don't miss it, there are a lot of nice prizes to be won!
